Dear Gentlemen:

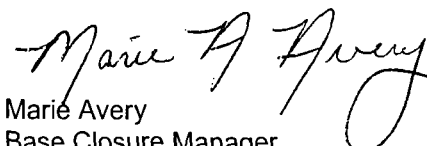

In this correspondence, the Navy is formally documenting the revised boundary of Parcel A on the Hunters Point Shipyard. Since the release of the draft final Historical Radiological Assessment (HRA) in February 2004, it is now known that two buildings (813 and 819) and the portion of the sanitary sewer system associated with Spear and Fischer Avenues, are considered "impacted" sites in the radiological program.

These buildings will require a survey and ultimately may require cleanup actions. Therefore, the Navy is revising the boundary of Parcel A; specifically, we are removing the areas associated with the "impacted" sites. Enclosure (1) is provided for your information and use.

As indicated on enclosure (1), the area formerly in Parcel A has been divided into Parcels C and D.

If you have any questions, please contact Mr. Keith Forman at (619) 532-0913.

Sincerely,

  
Marie Avery  
Base Closure Manager  
By direction of the Commander
